Purpose, Passion, Progress

October 27, 2009

Dear Michelle,

Thank you for all the hard work and enthusiasm you put in to making the ICE Chatham Theatre tours such a success for our parks this summer. Thanks for taking the time out of your busy life to bring such special joy to our participants. The trips were not only great fun, but they also provided helpful vocational and educational information to all the participants and staff members involved.

Please extend our thanks to the staff at the ICE Chatham Theatre. The support that each of you give is one of a kind! Our campers each experienced a fantastic day on that trip and everyone we met at the theatre played a part in that. We can only hope you realize what a positive impact you make in the lives of our Special Recreation participants!

Recently, there has been a new beginning for the Chicago Park District's services for individuals with disabilities. You have been a great part in implementing and growing these programs. We have now set a new standard and will continue improve our scope of service. Through your kindness and dedication we hope the Chicago Park District Special Recreation Department will grow to have recreation and leisure activities for all the individuals with disabilities in the City of Chicago. With continuing support we will continue to be a model for public service and enhance the lives of our patrons with special needs.

You have been patient and a pleasure to work with. On behalf of the Special Recreation participants, family members and support staff, we want to say thank you, once again for your support of our program. We look forward to more partnerships in the future!

Sincerely,

Gerry Henaghan,
